

Green Team Volunteers

DID YOU KNOW?

- Every ton of paper that is recycled saves 17 trees.
- Recycling one aluminum can saves enough energy to run a TV for three hours - or the equivalent of a half-gallon of gasoline.
- The energy we save when we recycle one glass bottle is enough to light a light bulb for four hours.

Help the Holiday Program Go Green!

- **Volunteers are needed at each Holiday event to help educate other volunteers about recycling.**
- **“Green Team” volunteers will monitor recycling bins to make sure items are in their proper places, helping to reduce our impact on the environment.**
